Report

Today on 30/4/22 Ty students Department of Microbiology form Shripatrao Chougule arts and science college Malwadi Kotoli visited at jotirling high school chavanvadi borgav.

Students our college Start interacting with school students .our college students gave information about human blood student also speech of blood group and component.

Almost 106 students checked their blood group some of students was afraid by seeing needle and blood but students do their best to explain each point by taking them in their comfort zone. Very healthy and happy environment we done this event enthusiasm.
